

MEFA PATHWAY: *Your Plan for the Future*

- Engaging assessments to help students discover interests, skills, and values
- Information on a wide range of careers to match personal skills with specific jobs
- College search tool, allowing students to compare attributes of each school against one another
- College application manager, helping students to stay organized and on top of deadlines
- Calculators to assist families as they prepare for college costs
- Scholarship search engine and organizational tool to keep students on track with each scholarship's deadline and status
- Customized resume builder to record career objectives, academics and activities, and work experience
- Digital portfolio to provide students a visual library of their personalized plan for the future
- Free for all Massachusetts students
