As you explore schools and build your college list, keep track of your details here. Common App Essay Prompts for Fall 2021 Admission

*Prompts for Fall 2022 admission will likely be announced in late January/early February

1. Some students have a background, identity, interest, or talent that is so meaningful they believe their application would be incomplete without it. If this sounds like you, then please share your story.
2. The lessons we take from obstacles we encounter can be fundamental to later success. Recount a time when you faced a challenge, setback, or failure. How did it affect you, and what did you learn from the experience?
3. Reflect on a time when you questioned or challenged a belief or idea. What prompted your thinking? What was the outcome?
4. Describe a problem you've solved or a problem you'd like to solve. It can be an intellectual challenge, a research query, an ethical dilemma - anything that is of personal importance, no matter the scale. Explain its significance to you and what steps you took or could be taken to identify a solution.
5. Discuss an accomplishment, event, or realization that sparked a period of personal growth and a new understanding of yourself or others.
6. Describe a topic, idea, or concept you find so engaging that it makes you lose all track of time. Why does it captivate you? What or who do you turn to when you want to learn more?
7. Share an essay on any topic of your choice. It can be one you've already written, one that responds to a different prompt, or one of your own design.

Letters of Recommendation

Adults who know you well can offer a helpful perspective on your strengths

- What are your high school guidelines?
- Whom to ask?
- When to ask?

- Only offered at a small number of schools
- Two types: Informational and Evaluative
- Be prepared to answer open-ended questions
- Know your reasons for applying to the college
- Ask thoughtful questions
- Cover the basics
- Relax and be yourself
