The Financial Aid Process Kept Simple

September – December: Attend a MEFA College Financing seminar or webinar for a detailed explanation of how financial aid works.

September: Create an FSA ID at fsaid.ed.gov. Your FSA ID will be used to log in to certain websites including the FAFSA website, fafsa.gov. Both the student and one parent will need an FSA ID.

October 1: The FAFSA and the CSS Profile are available. Check to see which applications are required from each college on your list and be sure to submit your application(s) before the deadline. Every college will require at least the FAFSA.

October - February: Attend a free FAFSA Day workshop to receive assistance submitting the FAFSA. To find a workshop near you, visit FAFSADay.org

March – April: Financial aid award letters are sent to accepted students. Read each carefully. Don't just compare the total amount of the awards — make sure you understand the entire financial aid package. If you have any questions, don't hesitate to contact the financial aid office at the college.

May 1: National deadline to select your college and submit the tuition deposit.
