How to Participate

- MassHire Workforce Boards- 16 Workforce Boards govern Career Centers across the state
- MassHire Career Centers serve as a vital link between workers and employers to bring about economic opportunity. Career Centers are helping put Massachusetts' citizens back on the payroll, one person and one job at a time.

- MassHire Springfield Career Center
- MassHire Tauton Career Center
- MassHire Worcester Career Center

The Same But Different

MassHire Career Centers operate differently based on:

- The Service Delivery Area
- The area's regional blue print
- The grant funding they write for and receive
- The amount of moneys allocated under government line items.
- The capacity of the center

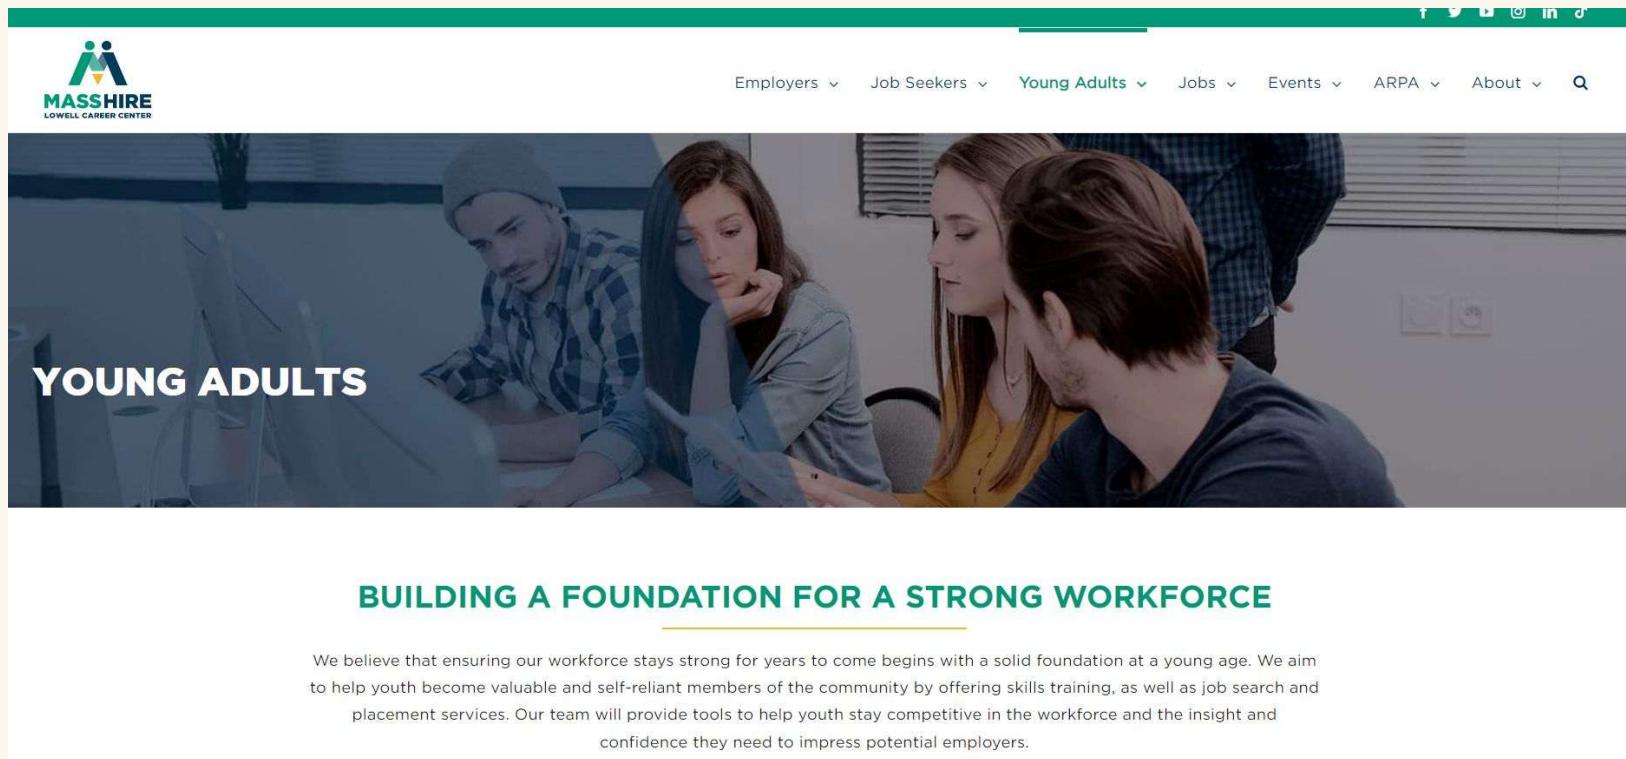

- The MassHire Brand is meant to be more recognizable across the state but this can cause confusion as what is available in one location could not be available in another.

The Greater Lowell Force Area

- The MassHire Lowell Career Center is part of the Massachusetts One-Stop Career Center System serving the communities of Billerica, Chelmsford, Dracut, Dunstable, Lowell, Tewksbury, Tyngsborough and Westford. The Lowell Career Center operates under the direction of the City of Lowell and is chartered by the MassHire Greater Lowell Workforce Board. Through this model, local employment and training services have been consolidated to build a strong workforce development system
- We are charged with overseeing and implementing workforce development initiatives throughout the Workforce Investment Area. Board members offer a wide range of skills and experience and include representatives from local businesses, educational Institutions, Community Based Organizations, labor unions, governmental agencies, economic development bodies, and Chambers of Commerce.

MassHire Lowell Young Adult Career Center

The screenshot shows the MassHire Lowell Young Adult Career Center website. At the top, there is a dark blue header with the text "MassHire Lowell Young Adult Career Center" and a blue triangle graphic. Below the header is a navigation bar with links for Employers, Job Seekers, Young Adults (which is highlighted in green), Jobs, Events, ARPA, and About. There is also a search icon. The main content area features a large image of four young adults (three girls and one boy) sitting around a table, looking at a laptop together. Overlaid on this image is the text "YOUNG ADULTS" in white. Below the image, the section title "BUILDING A FOUNDATION FOR A STRONG WORKFORCE" is displayed in green, underlined text. A descriptive paragraph follows, explaining the center's mission to help youth become valuable and self-reliant members of the community through skills training, job search, and placement services.

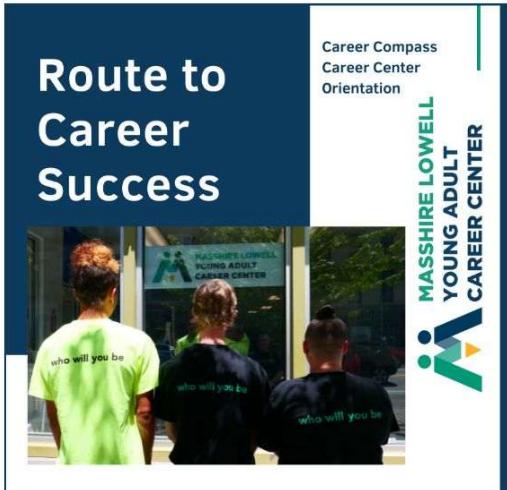

YOUNG ADULTS

BUILDING A FOUNDATION FOR A STRONG WORKFORCE

We believe that ensuring our workforce stays strong for years to come begins with a solid foundation at a young age. We aim to help youth become valuable and self-reliant members of the community by offering skills training, as well as job search and placement services. Our team will provide tools to help youth stay competitive in the workforce and the insight and confidence they need to impress potential employers.

Lowell Young Adult Career Center

Founded officially in 2021, the Young Adult Career Center in Lowell is one of less than a handful of centers across the state that caters to young people.

Career Compass- Young Adult Career Center Orientation

Have you wanted to become a member of the Young Adult Career Center but you aren't sure where to start? This is your first step to gaining access to employment professionals, job opportunities and work programs. Dr. Michael Davis
Boston Children's Hospital
Emergency Medicine Department
300 Longwood Ave
Boston, MA 02115

Dear Dr. Michael Davis,

Cultivating trust and providing high quality care to children and their families has been the focus of my career for the past 10 years. As a nursing assistant in both urgent and primary care settings, I have consistently developed excellent rapport with patients, worked to improve and streamline the patient experience, and served as an indispensable member of the clinical team. I recently finished my nursing degree, and I am excited about the opportunity to apply my skills as a Registered Nurse in the Boston Children's Hospital Emergency Medicine Department.

In my previous roles, I was known for my ability to maintain a calm and efficient presence, even in stressful and sometimes chaotic situations. As a nursing assistant at Mass General Brigham Urgent Care, I would see up to 60 patients a day. After being on the job for only a few months, I created and instituted a new system for preparing the exam rooms and completing the initial
