II. Explanations / Definitions / Abbreviations

"Adjusted Pool Balance" shall mean, for any Quarterly Distribution Date as determined by the Issuer, (a) if the Pool Balance as of the last day of the related Collection Period is greater than 40% of the Initial Pool Balance, the sum of such Pool Balance, amounts then on deposit in the Capitalized Interest Fund and the Specified Reserve Fund Balance for that Quarterly Distribution Date; or (b) if the Pool Balance as of the last day of the related Collection Period is less than or equal to 40% of the Initial Pool Balance, that Pool Balance.

"*Pool Balance*" shall mean as of any date (a) the aggregate principal balance of the Financed Eligible Loans on such date (including accrued interest thereon to the extent such interest is expected to be capitalized), after giving effect to the following, without duplication: (i) all payments received by the Issuer through such date from or on behalf of obligors on such Financed Eligible Loans; (ii) all Purchase Amounts on Financed Eligible Loans received by the Issuer through such date from a Servicer; (iii) all Purchase Amounts on Financed Eligible Loans received by the Trustee from the Issuer pursuant to Section 4.03(i) hereof; (iv) all Liquidation Proceeds and Realized Losses on Financed Eligible Loans liquidated through such date; (v) the aggregate amount of adjustments to balances of Financed Eligible Loans permitted to be effected by a Servicer under its related Servicing Agreement, if any, recorded through such date; and (vi) the aggregate amount by which reimbursements by Guarantee Agencies of the unpaid principal balance of defaulted Financed Eligible Loans as of such date are subject to reduction from 100% to 97%, or any other applicable percentage, as required by the risk sharing provisions of the Higher Education Act plus (b) moneys on deposit in the Prefunding Account of the Acquisition Fund (excluding amounts that will become Available Funds on the next Quarterly Distribution Date). The Pool Balance shall be calculated by the Issuer and certified to the Trustee, upon which the Trustee may conclusively rely with no duty to further examine or determine such information.

The Pool Balance is less than 10% of the Initial Pool Balance as of the 6/30/2020 collection period. Once this occurs the Optional Purchase of All Financed Eligible Loans can be exercised. If the option is not exercised, the available balance in the collection fund, after making all required distributions, will be used to accelerate the payment of principal to the holders of the notes until the notes have been paid in full.
